

# Summer in THE MINORS

## MICAH

### **Week 6 : Read Micah 1:1 - 7:20; 2 Timothy 3:1-17**

What similarities and differences do you notice between Micah and the other minor prophets we've studied?

What pattern do you see in the way Micah is structured?

What similarities and differences do you see between Micah and 2 Timothy?

Read 5:4 in the NIV. How will God's greatness spread?  
What does that tell us about him?

In chapter 5, what all is involved in Israel's deliverance, both internally and externally?  
What would today's equivalents be?

In 6:6-8, what does Micah say the Lord does not desire? What does He desire instead?

What verses/concepts from the minor prophets we've already studied does this bring to mind?

Look up the definition for the words just, mercy, and humble that are mentioned.

These three phrases are filled with action, movement. What does it look like to act justly, love mercy, and to walk humbly in your everyday life?

How does 6:8 correlate with 7:18-20?

Where do we see foreshadows of Christ in Micah?

What can we learn about God from what we've read this week?

### **Prayer:**

Father, you are so just, so merciful, and so holy. Thank you for inviting us to walk in those things with you. Teach us how to live out of that position as we interact with the world around us, so they might see you in how we treat them. Thank you for delivering us through your Son. Help us to live a life of pure worship and obedience to you in response. In the name of Jesus, amen.
